

Flat Roof Penetrations

Cable Penetrations KD

b/s/t ALIT Cable Penetration KD Bitumen DN 70

Aluminum penetration; including two 87° PVC elbows (impact-resistant, UV-stabilized); nominal diameter DN 70; including factory-installed, system-compatible SBS bitumen membrane; supply and professional installation.

Nominal diameter: DN 70

Inner diameter: ID = 71 mm

Item No.: A142-BKD070

QUANTITY: UNIT: pcs EP: GP:

b/s/t ALIT Cable Penetration KD Bitumen DN 100

Aluminum penetration; Including two 87° PVC pipe bends (impact-resistant, UV-stabilized); nominal diameter DN 100; including factory-applied, system-compatible SBS bitumen membrane; supply and professional installation.

Nominal diameter: DN 100

Inner diameter: ID = 106 mm

Item No.: A142-BKD100

QUANTITY: UNIT: pc EP: GP:

b/s/t ALIT Cable Feedthrough KD Bitumen DN 125

Aluminum feedthrough; including two 87° PVC pipe bends (impact-resistant, UV-stabilized); nominal diameter DN 125; including factory-applied, system-compatible SBS bitumen membrane; supply and professional installation.

Nominal diameter: DN 125

Inner diameter: ID = 121 mm

Item no.: A142-BKD125
